Parent Right to Know Information as Required by the Elementary and Secondary Education Act (ESEA) and the Every Student Succeeds Act (ESSA)

Dear Parent(s)/Legal Guardian(s):

Your child attends Felton Laboratory Charter School which receives Federal Title I funds to assist students in meeting state achievement standards. This letter lets you know about your right to request information about the qualifications of the classroom staff working with your child.

At Felton Laboratory Charter School, we are very proud of our teachers and feel they are ready for the 2019-2020 school year and are prepared to give your child a high-quality education. As a Title I school, we must meet federal regulations related to teacher qualifications as defined in ESEA. These regulations allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, you may ask:

Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching.

Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and

What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and majors or areas of concentration.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications.

The Every Students Succeeds Act (ESSA) which was signed into law in December 2015 and reauthorizes the Elementary and Secondary Education Act of 1956 (ESEA) includes additional right-to-know requests. At any time, parents and family members can request:

Information on policies regarding student participation in assessments and procedures for opting out, and
Information on required assessments that include subject matter tested, purpose of the test, source of the requirement (if applicable) amount of time it takes students to complete the test, and time and format of disseminating results.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet applicable South Carolina state requirements.

If you have any questions about your child's assignment to a teacher or paraprofessional, please contact Mr. Famon Whitfield, at (803) 536-7034 or 7119 or email at fwhitfield@myflcs.org.

Sincerely,
Jacqueline Jamison
