Assistant Director

January 15, 2021

Dear Parents and Guardians,

On behalf of Felton Laboratory Charter School (FLCS), we thank you for your partnership and for helping make education possible for all children at FLCS. During these difficult times; the importance of students' and families' health and well-being is critically important. We will continue to monitor developments relating to COVID-19.

As you know many trusted news and health organizations are predicting an increase in COVID-19 cases during the holiday season. Please stay masked-up during this time. South Carolina DHEC is projecting a significant increase of cases following the holidays. The disease activity report from SC DHEC shows that because of the increase we have moved back into the high category. In order to be proactive and ensure the safety of everyone at FLCS, we will begin virtual instruction for all students on January 15, 2021, and hybrid instruction will begin on February 1, 2021. Students will continue to follow their same schedule. Teachers will be available during their normal office hours.

The on campus offices will be open every Tuesday and Thursday from 9:00 am to 2:00 pm until February 1, 2021. Our goal is to maintain everyone's safety and provide our students with quality instruction. If you have any questions, feel free to contact us.

Respectfully,

Famon V. Whitfield, III  
Director
